

## [Retail clinic changes and closures](#)

Due to the coronavirus/COVID-19 outbreak, we want you to know about temporary changes being made at Minute Clinic and Target Clinic locations so you can share this information with your clients.

- **Target Clinic** locations are temporarily closed. Please visit [kp.org](https://kp.org) or call **1-833-574-2273** for information on how to access care at Kaiser Permanente.
- **Minute Clinic** is no longer accepting walk-ins. Your clients and employees can still get care at the clinics by making an appointment online at [minuteclinic.com](https://minuteclinic.com) or the CVS pharmacy app.

Anyone with a scheduled appointment at a Minute Clinic is prescreened before entering the clinic. If the prescreen identifies someone to be at risk for COVID-19, they'll receive guidance on finding care in a different health care setting.

We're here for you. For more information, go to [kp.org/coronavirus](https://kp.org/coronavirus).
